

CULT CYMRU

undebau creadigol yn cydweithio • creative unions learning together

Want to find ways of working more efficiently, find more work and have better control over your hard-earned money? These courses are for you!

Hundreds of freelances have taken part in CULT Cymru courses and now you can join them with one day and evening workshops being held in North and South Wales.

These courses usually cost several hundreds of pounds but because you work in Wales we are able to offer them to you for £10 or £15 if you are a union member. If you are not a union member you can still make a big saving as you pay just £35.
